

**Vodafone
New Zealand
Foundation**

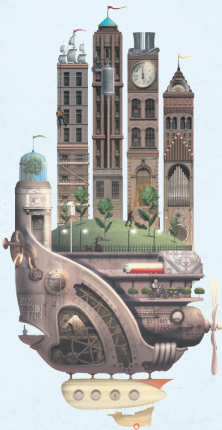

The Vodafone Foundation is committed to improving the lives of young Kiwis through the World of Difference programme. You can lend yourself to a charity and we'll pay your salary so that you can make a difference.

Each one of us has something special to share with others. You may be someone with a caring nature and a big HEART. Perhaps your strengths lie in using your HANDS to build, create and craft. Or it's your passion for knowledge and the power of the MIND that excites you.

To discover if you're a HEART, HAND or MIND person, take the quiz at vodafone.co.nz/lendyourself and find out how you can be involved in this life changing experience. Or visit foundation.vodafone.co.nz/lendyourself to apply.

**What would
you lend
to make a
difference?**
